DETAILED ACTION

Claim Objections

1. Claims 12-13 are objected to because of the following informalities: Claim 12 is dependent on claim 12. Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claim 19 is rejected under 35 U.S.C. 102(a) as being anticipated by Lee (US 2003/0042587).

Lee teaches a semiconductor component comprising (Fig.12):

A housing with a top side, an underside, a first side, and a second side; a first semiconductor chip (101) configured within the housing, the first semiconductor chip having a front side, a rear side, and a contact area; a second semiconductor chip (102) configured within the housing, the second semiconductor chip having a front side, a rear side, and a contact area; and means (301) projecting from the housing for making contact between the contact area of the first semiconductor chip and the contact area of the second semiconductor chip such that the contact areas of the first and second chips are electrically coupled.

Allowable Subject Matter

4. Claims 1-11 & 14-18 are allowed.

Response to Arguments

5. Applicant's arguments with respect to claim 19 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
